

Introduction

SealXpert™ Stainless Steel Pipe Clip consists of a continuous roll of stainless steel banding and stainless steel adjustable assembly fasteners. This set of product comes with 25 set clips, which makes up a complete maintenance clamp system in just one box. A length of 100-feet stainless steel banding allows you to save cost as you are free to cut to the size diameter you require.

Features

- Holds or clamps units together during welding or assembly
- Shorten times of repair and minimizes clamp inventory
- Versatile and fast to fit
- No special tool is required, 100% stainless steel
- Easy to use, and able to make any size clamp from one set of pipe clip within seconds;
 1. Simply cut band to length required
 2. Slip in closure set
 3. Tighten

Typical Applications

Primarily to be used for temporary or permanent repairs for securing, mounting, strapping, clamping and positioning. Can be used for all conventional clamping jobs. By simply cutting off a piece of banding you can make any sized all stainless steel worm drive clamp required from 75mm (3") diameter to 9.7metres (382") diameter.

General Information

Material Grade: All Stainless Steel
 Corrosion resistance according to DIN EN ISO 9227: $\geq 1000h$

Band Length: 30.5 Metres (100 ft)

Band Width: 12.7mm (1/2")

Head: 7.9mm (5/16") Slotted Hex Head Screw

Closure Components: 14.2mm (9/16") Wide Fastener & Screw Housing Assembly

Weight: 3kg per set

Technical Data

Definition:

Choice of Engagement Positions:	Clamp can be adjusted to several nominal diameters
Inner Ring with Radial Guidance:	Effective and powerful all-round sealing
Clamp Ear:	Simple and fast installation, visible deformation provides evidence of proper closure
Burr-Free Strip Edges:	Reduced risk of damage to parts being clamped
Connecting Technology:	Ideal for soft materials

Package

Contains:

- 30.5 metres (100 ft) continuous length of stainless steel band
- 25 adjustable fasteners (worm drive buckles)
- 10 band splices
